

Tushar Sharma

timetusharsharma@gmail.com | [LinkedIn](#) | [GitHub](#) | [LeetCode](#) | +91-9911834065

Education

Galgotia College Of Engineering, Greater Noida

Aug 2022 – Present

B.Tech in Computer Science & Engineering (AI-ML) | CGPA: 7/10

Experience

StartupKt — Software Engineer Intern, Bengaluru

Jan 2024 – Mar 2024

- Developed and maintained backend features in **Java**; reduced bug reports by **20%** across multiple sprints via modular design and clean coding practices
- Designed and implemented **REST API** modules supporting **5,000+ daily active users** with **99%+ uptime**

Shoonya — Full Stack Engineer Intern, Noida

Nov 2025 – Jan 2026

- Built and delivered **5 production websites in 2 months** using **React & Next.js**, creating SEO-optimized, mobile-responsive marketing sites
- Developed reusable UI components and dynamic forms, reducing future development time by **30%**
- Implemented high-converting landing pages and lead-generation flows in close collaboration with marketing teams

Projects

MovieMind — AI Movie Recommendation System (RAG) | Python, Scikit-learn, NLP, FAISS, FastAPI | [GitHub](#)

- Built intelligent recommendation engine using **TF-IDF, cosine similarity & RAG** with semantic search and LLM responses for contextual, explanation-based suggestions
- Developed efficient **FAISS vector search pipeline**, reducing recommendation latency and improving result relevance

Autoresearch — Autonomous AI Agent | LangGraph, Python, LLMs | [GitHub](#)

- Built a **LangGraph multi-agent system** that automates research & drafting, cutting manual effort by **80%**; generates 1,500+ word articles autonomously
- Orchestrated **4 specialized nodes** with state tracking for **100% context retention**.

Sarthi — AI-Powered Webinar & Sales Platform | Next.js, Node.js, Vapi AI, PostgreSQL | [GitHub](#)

- Deployed AI sales agents in breakout rooms boosting **lead conversion by 45%** and **attendee engagement by 50%** via real-time CTAs and personalized lead funnels
- Accelerated sales cycle tracking by 60%** with adaptive lead pipeline, automated follow-ups, AI-assisted status progression, and secure multi-role access via Clerk

Technical Skills

Languages: Python, TypeScript, JavaScript, SQL

Databases: PostgreSQL, MongoDB

Tools: Git, Azure, REST API,

AI/ML & GenAI: LangChain, LangGraph, RAG, Prompt Engineering, TensorFlow, FAISS, Vector Databases, LLMs

Frameworks: React.js, Next.js, FastAPI, Node.js

Core CS: DSA, OOP, OS, DBMS, Computer Networks, System Design

Certifications

- Oracle Generative AI Professional [↗](#)
- Oracle Data Science [↗](#)

Achievements

- Solved **100+ DSA problems** and maintained a **50+ day streak** on LeetCode, demonstrating consistency and coding efficiency
- Winner of **Unstop Giveaway**, recognized for active participation in tech competitions
